Hello,

I'm trying to understand better what happened at the last convention and I have a few questions. If you could help me answer these that would be really helpful.

1. How many caucus members are in the New Mexico Libertarian Party?
2. How many caucus members are dues-paying members of the New Mexico Libertarian Party?
3. Is the Libertarian Party a major party in New Mexico?
4. I was given the invite to the January 6th convention on January 5th. Was that forwarded to me from a previous date or was the email sent out on January 5th?
5. Article V, Section 1, subsection ii states,  
*"The Executive Committee is empowered to...call special conventions to nominate candidates for special elections or for other urgent purposes, and to set the date, time, and place for such conventions;"*  
The meeting that took place didn't seem to relate to nominating candidates. Could you explain the term "urgent" and how it related to the meeting?
6. Also, I'm having difficulty finding the date and location to the March convention on the website. Do you know when and where the convention is occurring?

Thank you for your time,  
Tyler
